Free Service Manager 7 Demo

What is Service Manager?

In today's fast-paced business environment, your IT organization cannot afford ineffective management of IT services. You must be able to resolve and prevent service issues quickly and effectively.

HP Service Manager is a comprehensive and fully integrated IT Service Desk suite that helps you decrease the time it takes to resolve service problems. ITIL-based best practices and a highly scalable service-oriented architecture let you deploy consistent, integrated processes throughout your IT organization.

HP Service Manager enables you to automate and integrate key IT processes such as incident, problem, change and release management. Service level management and catalog-based service request capabilities add further value. All processes are tied and enhanced by configuration management.

StrataCom's Upgrade Services

StrataCom is perfectly positioned to upgrade ServiceCenter clients to the new Service Manager. Having completed several upgrades, we have learned the gaps and can put together an accurate quote to move your team to the newest technology.

Contact Laura Walker today to learn more about this valuable service: 701-232-5697 ext 27 or lwalker@stratacominc.com

About StrataCom

Our Talent. Your Success.

StrataCom began in 1997 by three enthusiastic consultants, Eric Krueger, Steve Jones, and Bill Rentfrow. After several years of consulting in the corporate world, they knew without a doubt that they had gathered enough exposure and experience to begin a company that knew how to do things not only right, but **GREAT**.

Eleven years later, our team pride ourselves on the fact that our clients can count on StrataCom to recognize the individuality of their business processes. We work diligently to maximize the return on your Service Management investments.

If you are considering any of the following initiatives related to Service Manager, ServiceCenter or AssetCenter, we would be thrilled if you would consider us!

- Implementation
- Customization
- Data Migration
- Integration
- Upgrade
- Business Process Consulting
